Are media and business doomed and about to be replaced by amateur hour? The world, as Nick Bilton--with tongue-in-cheek--shows, has been going to hell for a long, long time, and what we are experiencing is the twenty-first-century version of the fear that always takes hold as new technology replaces the old. One fascinating study, for example, shows that surgeons who play video games are more skillful than their nonplaying counterparts. - Why social networks, the openness of the Internet, and handy new gadgets are not just vehicles for telling the world...
