Marx Today

By Sitton, John F. (EDT)

Palgrave Macmillan, 2010. Hardcover. Book Condition: New. 15.24 x 22.86 cm. "Given the present economic rubble, it is time to give renewed attention to less orthodox analyses of the structure and dynamic of capitalist economies. Over a century ago Karl Marx developed the most prominent and politically important of these analyses, explaining the distinctiveness of the capitalist economy and its most likely historical trajectory. Marx's theory continues to provide insights into the crisis-prone dynamic of capitalism, the unstable nature of which is now being demonstrated every night on the evening news. This collection of brief works by Marx and several critical essays intends to make the arguments of Marx accessible to a broader audience"-- Our orders are sent from our warehouse locally or directly from our international distributors to allow us to offer you the best possible price and delivery time.
