CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 232 pages. Dimensions: 10.0in. x 8.0in. x 0.5in. Elven Fire is a game of fantasy adventure, with a unique blend of character development and hex-based war-gaming strategy. Extensive flexibility has been built into the character options, allowing a wide range of interesting avatars to be created and to grow with experience and accomplishment. The combat rules have been streamlined to allow rapid play without constant reference to tables and charts, with plenty of room for creative long-range planning and strategy. Your choice of die is supported. If you just have the traditional six-sided variety, five or six will suffice. But if you like the multi-faceted aspects of polyhedral die or weird, new inventions like 3-sided or 24-sided or dice with non-sequential numbering then you'll have fun with the combinatorial flexibility and adaptability of Elven Fire. Absolutely any die can be readily added to the game! Unlike most fantasy role-playing games on the market today, Elven Fire has a distinctly positive moral flavor. Honesty and morality are rewarded and Christian values emphasized, with the demonology that has hurt the reputation of role-playing games noticeably absent. Young people will learn mathematics, statistics, and logic, and creative juices will be stimulated. Characters are rewarded for avoiding violence when possible. This game is aggressively family-friendly and suitable for play by anyone from first grade to adult. Also unlike other games in this genre, you can explicitly and without question win Elven Fire. It may take some time. . . This item ships from La Vergne, TN. Paperback.
