Rose has always been a confident curvy woman, but she never dreamt that she would be standing on the platform of the train station with a luxurious private car in front of her. The two billionaires Steven and Derek have contrasting good looks, one is green eyed with dark locks, and the other blue eyes and blonde. It's the best of both worlds, but now they are asking their new curvaceous sex toy Rose to board a train without telling her where they are taking her. She takes the risk and enjoys the erotic journey on rails. When they arrive at their destination, she is stunned to see one of the most historical wonders of the world outside the window. They have really outdone themselves, even for men that have the world as their playground. Content suitable for mature readers, contains sexual content and harsh language.
