

## What's Wrong with the Rorschach: Science Confronts the Controversial Inkblot Test

Filesize: 1.51 MB

### Reviews

*Totally among the best publication I actually have actually go through. It can be filled with wisdom and knowledge Once you begin to read the book, it is extremely difficult to leave it before concluding. (Glen Ernser)*

## WHAT'S WRONG WITH THE RORSCHACH: SCIENCE CONFRONTS THE CONTROVERSIAL INKBLOT TEST

[DOWNLOAD](#)

John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, What's Wrong with the Rorschach: Science Confronts the Controversial Inkblot Test, James M. Wood, M. Teresa Nezworski, Scott O. Lilienfeld, Howard N. Garb, Since its creation more than eighty years ago, the famous Rorschach inkblot test has become an icon of clinical psychology and popular culture. Administered over one million times world-wide each year, the Rorschach is used to assess personality and mental illness across a wide range of circumstances: child custody disputes, educational placement decisions, employment and termination proceedings, parole determinations, and even investigations of child abuse allegations. The test's enormous power shapes the lives of hundreds of thousands of people -- often without their knowledge. In the 1970s, this notoriously subjective test was supposedly systematized and improved. But is the Rorschach more than a modern variant on tea leaf reading? What's Wrong With the Rorschach? challenges the validity and utility of the Rorschach and explains why psychologists continue to judge people by their reactions to ink blots, in spite of a half century of largely negative scientific evidence. What's Wrong With the Rorschach? offers a provocative critique of one of the most widely applied and influential - and still intensely controversial - psychological tests in the world today. Surveying more than fifty years of clinical and scholarly research, the authors provide compelling scientific evidence that the Rorschach has relatively little value for diagnosing mental illness, assessing personality, predicting behavior, or uncovering sexual abuse or other trauma. In this highly engaging, novelistic account of the Rorschach's origins and history, the authors detail the wealth of scientific evidence that the test is of questionable utility for real-world decision making. What's Wrong With the Rorschach? presents a powerfully reasoned case against using the test in the courtroom or consulting room...
