Awarded first place in the 2013 AJN Book of the Year Awards in the Nursing Education/Continuing Education category. It includes personal stories from practicing nurses and expert consultants using SBC, which enhances interest and credibility. It is filled with exercises and examples to help educators or nurses include SBC in their practice. As Dr. Benner states, the book is accessible and easy to read but requires much personal and professional reflection. Score: 98, 5 Stars. --Doodys Medical Reviews This book is refreshing and timely. From the Foreword by Patricia Benner, RN, PhD, FAAN Professor Emeritus University of California, San Francisco Laurie Gottlieb has her eye on the future of health care and what is now required for new directions, new paradigms,...
